LIFE IN MADRID

Madrid is worthy to be lived!

Madrid is the capital and the largest city of Spain.

It's a lively city with atmospheres for any kind of person.

Madrid is able to offer countless opportunities to enjoy a great experience: Cultural heritage, weather and gastronomy are just a few of the reasons which make visitors come to Madrid. As it is well connected by public transport, visitors are able to visit the surrounding neighborhoods, villages and towns which some of them are among the cultural heritage UNESCO towns.

STUDENT SERVICES

STUDENT SERVICES

Student Services Office

Offers information, guidance and support to CUNEF students. It provides individual and strictly confidential orientation and support when encountering difficulties.

Its aim is to enable the achievement of academic and personal success of our students.

Careers Office

The Careers Office runs the internships, job offers, and organizes seminars and complementary activities whose main objective is to equip our students with the key tools and skills, as well as to provide the best opportunities for obtaining their first employment.

Thus, every year it organizes events such as the Careers Fair, Company presentations and 'in-campus' selection processes, amongst others.

STUDENT SERVICES

Computer Services

CUNEF pays special attention to its technological infrastructure. The IT department develops all kind of technological improvement initiatives whose aim is to guarantee the highest quality of their information exchange processes, academic support as well as enable the daily administrative tasks.

There is free Wifi access, to facilitate Internet access from personal portable electronic devices. Every student will have access to their intranet area, which allows the sharing of information, applications and resources safely for students, professors and staff.

Library

Our library houses approximately 13,000 titles. In the newspaper archive, all the main national, international and financial newspapers are available on a daily basis. The library can also house 101 studying places.

Sports

The CUNEF Sports Department runs and promotes sport activities for our students, as a way of enhancing values such as partnership, solidarity, companionship and team work.

THANK YOU!
